Worship

With Rev. Ben

God's People were not respected by Pharaoh! They were slaves in Egypt.

God hadn't forgotten them, He came to their rescue through Moses.

Christians believe that all people need to be rescued from the things that hurt our friendship with God and others.

But God has sent an even greater rescuer than Moses...

In the Bible Story, how did God rescue His People from Egypt?

Why do you think Christians believe Jesus is a rescuer? What does He rescue people from?
