Today we looked at how money can impact our lives. We discussed where money comes from and that often people need jobs in order to earn money. We discussed different jobs and how people are paid for those jobs. We then decided on whether we would rather save our money or buy something straight away. In our circle we passed the £5 around said either 'spend' or 'save' depending on which we would do.

The image is a horizontal composition. On the left, there is a solid blue rectangular area containing white text. The text reads "What is life like in the Himalayas?" in a sans-serif font, with "Himalayas?" in a larger, bolder font. On the right, there is a photograph of a village built on a steep, rocky hillside. The houses are multi-story and have brightly colored roofs in shades of red, orange, and yellow. In the background, there are large, rugged mountains with significant snow cover under a clear blue sky.

The image features a vibrant blue background with a radial starburst pattern of white lines emanating from the center. Numerous white stars of varying sizes are scattered across the background. Overlaid on this is the text "AMAZING ATTENDANCE ALERT!" in a large, bold, black, sans-serif font. Each letter of the text has a subtle grey drop shadow, giving it a three-dimensional appearance as if it's floating above the background.
