WORSHIP

GREETING

The Lord be with you.
And also with you.

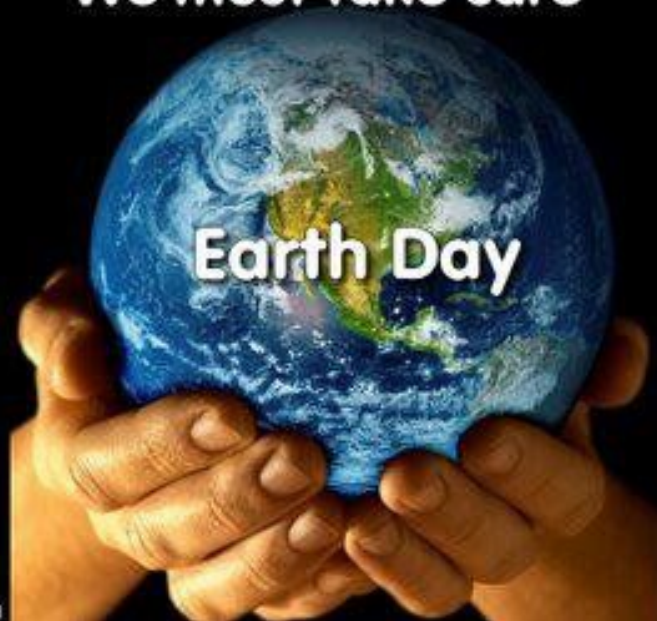

EARTH DAY
APRIL 22

The earth is a gift from God.
We must take care

St Barnabas

Church of England Primary Academy

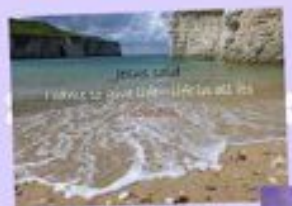

A member of **CTDARI**

‘Achieving great things through learning and growing together in a love-filled Christian family’

'That they shall have life, life in all its fullness' John 10:10

Our every
vision for **Child**
Life in *all its fullness*;
Our prayer for
every heart,
The **will** to
make it
so.

What is inheritance?

The more similar someone's genes are to one another, the more they will look like each other. This is why siblings look similar if they have the same parents. Also, this is why humans and other species like horses look different, because their genes are very different.

Characteristics are passed down the generations through genes, which are made from DNA. Genes are like a set of instructions needed to make a living thing.

Inherited traits

Thursday 7th April

What is inheritance and why do offspring vary?

Scientific skill
To record and present findings using baby charts, bar charts and pie charts.

Key Vocabulary	Definition
Generation	A group of individuals belonging to a specific category at the same time.
Species	A class of individuals having some common characteristics or qualities.
Evolution	Any process of formation or growth/development/transition.
Offspring	New organisms that result from the process of life forms.
DNA	The material which transfers genetic characteristics in all life forms.

All living things produce offspring of the same kind, but offspring are not identical to their parents. These are called **characteristics** and are passed down the generations through genes, which are made from DNA.

Thursday 21st April 2022

What is inheritance and why do offspring vary?

Scientific skill
To record and present findings using baby charts, bar charts and pie charts.

Key Vocabulary	Definition
Generation	A group of individuals belonging to a specific category at the same time.
Species	A class of individuals having some common characteristics or qualities.
Evolution	Any process of formation or growth/development/transition.
Offspring	New organisms that result from the process of life forms.
DNA	The material which transfers genetic characteristics in all life forms.

You inherit key characteristics from your parents. This is why you look like your parents.

Thursday 7th April

What is inheritance and why do offspring vary?

Scientific skill
To record and present findings using baby charts, bar charts and pie charts.

Key Vocabulary	Definition
Generation	A group of individuals belonging to a specific category at the same time.
Species	A class of individuals having some common characteristics or qualities.
Evolution	Any process of formation or growth/development/transition.
Offspring	New organisms that result from the process of life forms.
DNA	The material which transfers genetic characteristics in all life forms.

Offspring can be studied by relatives. Offspring has a mix of their own and their parents' traits.

Offspring	New organisms that result from the process of life forms.
DNA	The material which transfers genetic characteristics in all life forms.

Jesus the Messiah

What does Messiah mean?

- The word means 'anointed one'.
- The Messiah is believed to be the one sent by God to be humanity's saviour.
- Christians believe this person to be Jesus.
- Throughout the New Testament there is evidence of Jesus as the chosen one through his resurrection from the dead and the miracles he performed.
- The Messiah was sent to save humanity, and this salvation came about through his death and resurrection.

PIC·COLLAGE

Positive
PLAY

The image features the words "Positive" and "PLAY" in a playful, bubbly font. "Positive" is in a smaller font size and is colored blue, red, yellow, and green. "PLAY" is in a larger font size and is colored blue, red, yellow, and green. To the right of the text are four colorful paint splashes: a yellow one, a red one, a blue one, and a green one. The entire graphic is set against a white background, which is itself centered within a larger frame with a rainbow gradient.

A graphic featuring a stylized globe with green continents and blue oceans, centered on a dark blue background. Four yellow starburst icons are positioned at the corners. A yellow rectangular banner is overlaid across the center of the globe.

**GIVE THANKS
FOR THE EARTH**

A photograph of a large, dark wooden cross standing on a grassy hill. In the background, there are rugged mountains under a blue sky with white clouds. The image is framed by a colorful gradient border.

EARTH DAY PRAYER

Dear God, thank you for this beautiful planet. Bless it and keep it safe from harm. We pray for the protection of the animals, the soil, air and water. May we care for all you have made. Help us to love the Earth as you do. We pray in Jesus' name. Amen.

LORD IN
YOUR MERCY,
HEAR OUR
PRAYER

Happy St. George's Day

The Grace Prayer

May the grace of our
Lord Jesus Christ,
and the love of God,
and the fellowship of the
Holy Spirit
be with us all,
now and evermore.

Amen.

YOU ARE
