Year 2 Music

Junior Jam

What are we learning today?
Today we will learn about dynamics and why they do to things.

Dynamics
Dynamics means how loudly or softly a part of the music should be played.

Dynamics can change throughout a song. Song writers do this to change the emotion of the listener.

Composers use dynamics to change the mood.

Sometimes a piece of music will have really strong dynamics, others will only have very few.

What is a chord?
When the notes are played at the same time.

What is an accompaniment?
One other instrument or voice that is helping to back up the music.

What is a harmony?
Playing or singing notes that are not made in the same time or together as a melody.

ALERT!**

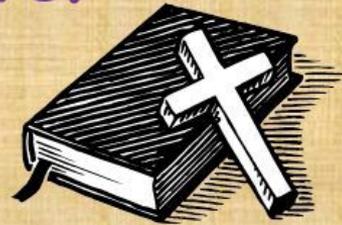

A vertical stack of various colored pencils is positioned on the left side of the page. The pencils are sharpened and arranged in a slightly overlapping manner. Some of the visible colors include magenta, blue, yellow, orange, purple, green, pink, white, light pink, teal, and red. The pencils have different brand names and model numbers printed on them, such as 'Magenta PC990', 'Orange PC1003', 'Pink PC020', 'White PC000', 'Rose Pink PC920', 'Hermillon PC001', and 'Mulberry PC995'.

LORD IN
YOUR MERCY,
HEAR OUR
PRAYER

The Grace ...

May the grace of our Lord Jesus Christ,
And the love of God,
And the fellowship of the Holy Spirit
Be with us all,
Now and forever more.

Amen

Thank you
for
worshipping
with us!
