Learning about life in all its fullness

Opportunities to look out at the world to learn, to gaze, to wonder and become aware of the world in new ways; to wonder about life's "WOWs" (things that are amazing) and "OWs" (things that are worrying or upsetting).

# Year 1

Zoos, aquariums and safari parks in Great Britain will soon have to follow new rules to help them take better care of animals. These rules say that animals must have bigger and better spaces to live in. The changes will help many different animals, including elephants, stingrays, snowy owls and octopuses. Elephants, in particular, will be given much more a room to move around and explore.

What do animals need to be happy and healthy in zoos?

## YEAR 1 @ THE CHILDREN'S LITERATURE FESTIVAL

All animals are part of God's creation and deserve to be treated with kindness and respect. We look after animals in our world. When we care for animals, we are showing love for God's wonderful creation.
