Governor Link Area	Curriculum - Science
Governor/s	Father Michael
Staff	Thomas Emmerson
Date	Wednesday 21 st April 2021
Agenda	
<p>-Discuss where the school is at with science at St. Bart's following Pupil feedback and book scrutiny – summarise that children enjoy science (especially practical work plans for outside learning)</p> <p>-Discussion of next steps for Science including more provision for outdoor learning and more child led practical work.</p> <p>-Feedback success of science week and use of school budget to support this (including how lockdown and Covid restrictions affected this)</p> <p>-Discuss focus on and importance of practical work and experiments including how Covid restrictions have affected this.</p> <p>-Father Michael asked how confident teachers felt teaching science and was pleased to hear that following training & support, especially connected to school's PSQM award , teachers across school felt confident planning and teaching science</p> <p>-Assessment – Father Michael was keen to hear how Science is assessed and that a simple and manageable assessment system was in place – one that didn't create a massive amount of work for staff</p>
