The two main areas identified and commented on were about homework and information you receive from school regarding how well your children are doing and how you can support them. We will look at how we can improve this as we move through the year. If you have any ideas about this please come and see me.

We will also look at the question around bullying, not because the results show it is a problem but we do want to explore the fact 42 parents (28%) neither agreed or disagreed when asked about how the school dealt with bullying. A few did comment they answered that way because their child has not been bullied so they did not know how school would deal with it which is fantastic but we just want to make sure there is nothing we need to address.

Overall, the feedback was fantastic, just what we needed after a couple of very difficult years. I am pleased you feel we are doing such a good job. We will continue to look at how we can make things better for our children and you but if you want to talk about anything or have any questions or concerns please see me and I will do my best to help.

Thank you

Mrs Wainwright
