

Year 3

At St Bart's, we want to make home learning as easy as possible. In this pack, there are ten days of home learning. So, if your child was not in school for three days - your child would complete days 1, 2 and 3. When returning to school, your child would bring the pack back into school to be marked and assessed.

It is important to realise that you are not replacing school. You are your child's parent, not their teacher. They are very different relationships. You can be flexible but firm. By establishing some rules and routines, you are reframing what can be achieved together at home when you set parameters and explain very clearly how things are going to play out.

It might be a good idea to create a 'trigger' for your children so they know when they are operating in 'school time'. Traditionally this trigger happens automatically with the routine around kids getting dropped off at school, but if you're at home you'll need to create it artificially. Perhaps they still get dressed in their school uniform, and even help to pack a 'school lunch'.

One of the best things you can do as a parent is to provide a 'specific learning space', that is, a calm environment that sets up a mindset for your child that this is where they will be doing some structured learning. By doing this, you are 'clearing the space' for learning.

Routines and preparedness are very important as reassurance for your child.

Below is the ten day timetable- the timings are there to provide a guide and to try and help you structure your day.
It tries to mirror, as close as it can, your days in school.

Day	9:00-11:00		11:00-11:30	11:30-12:30	12:30-1:30	Afternoon
1	<p>9:00 - 10:00 English Read the Roman Army powerpoint. Create a poster to get Romans to join the Roman Army. Explain why they want to join. What is so good about it?
