

Dear Governors,

We are writing this to you to tell you what we do as Worship Council.

Monitoring:

Starting from summer, we will be checking in with classes and monitoring what they do for worship. We will be asking children for their understanding on what they have learnt.

Leading:

In our school worship, we take the children on a journey specifying the meaning of our theme and the right way to use and express. Sometimes we use characters eg. Bella & Barney to ask the children what they think. This helps them to understand that people can make wrong decisions but life doesn't stop there.

Planning:

Once a week, we meet together with Mrs Wainwright and plan what we are going to do in our next assembly. We also plan class activities, which is based on the attribute of the term.

Big Question:

Every half-term we have different theme, each theme comes with a big question that we decide. The big question helps children reflect and change their decisions. We hope they understand what's right and wrong through this.

Handing Out:

On Tuesdays and Thursdays, classes get the chance to do worship in class. To help them, we give out work and activities to do in class.

Thanks for your time, we appreciate you asking about us as we enjoyed telling you what we do at Worship Council.
