Science Create a 'WEIRD FACT FILE'! Find as many weird and gruesome facts about the human body as you can.	**Religious Education** Draw the 5K's of Islam. Label each picture and explain what the Sikh's use them for and what they represent.	**School Vision** Can you recall the school's 'vision' and explain what they mean? Can you design a 'School Vision' quick guide?	**English** Write a diary entry of something exciting you have done over the holidays or one weekend.
History Complete a research project for WWII. This could be on planes used, guns used or anything else that interests you.	**Homework challenges Years 5 and 6 – Autumn Term** These activities are all linked to our topics we cover in the Autumn Term. It would be lovely to see children completing some of these at home, either independently, or with some support. Be creative and think out the box, this is your chance to show your creative side. Please bring them in to show your teacher, and you will be awarded extra Trackit points for your efforts!		**Geography** Can you do a research project about Yorkshire? You could look at the human and physical features of Yorkshire and make a PowerPoint presentation or a factfile.
Art Draw a picture of a lighthouse. You could imagine what it would be like to live inside one and draw the internal rooms. Or draw the external view alongside the sea and cliffs.			**DT** Make a model of a lighthouse using anything you want. Maybe a toilet roll tube or pringle tube. Can you make your lighthouse light up?
Maths Can you create a song or poem to help you remember a times table you struggle with? If you feel brave, you could perform this to your class!	**French** Practise your French at home using Duolingo. The topics this term are: The High Street – names of shops and directions. Time and Days of the Week.	**Pupil Attributes** Can you recall all the school's 'pupil attributes' and explain what they mean? Can you design a 'pupil attributes' quick guide?	**Music** Go on to Yumu, the school's online music platform. Discover the great ways of making music with YuStudio, quickbeats and Music Notepad
