

We will be going on a trip to the national coal mining museum. Can you research what we could do when we get there?	Can you learn to count to 20 in French? (and remember if off by heart!) 	Can you find out anything interesting about large cities in the UK? We are looking at Megacities in geography lessons.	Write a diary entry of something exciting you have done over the holidays or one weekend. 
Draw or create an Anglo-Saxon settlement. Be as creative as you can be! 	Homework challenges Year 3 – Autumn term These activities are all linked to our topics we cover in the autumn term. It would be lovely to see children completing some of these at home, either independently, or with some support. Please bring them in to show your teacher, and you will be awarded extra Trackit points for your efforts!		Make a quiz about rocks and soils to test your friends and family. 
Can you rewrite a famous fairy tale? In Autumn 2, we are looking at Fairy Tales.			Can you draw a variety of religious symbols and label them with what religion they are from? 
Can you create a song or poem to help you remember a times table you struggle with. If you feel brave, you could perform this to your class!	Go to the local Library and borrow a fiction or non-fiction book about The Anglo Saxons! 	This term, in DT, we will be making a photo frame. Can you draw a picture of any different ones you have at home?	Can you create a piece of art, or create a model of a famous Vincent Van Gough painting?
