29th January – Home Learners

Another difficult week over and as a parent with a fifteen year old learning from home I know how hard it can be, especially when they would rather be doing anything else. Please remember we can all only do our best and that we are here to help if we can. If you need to talk to someone at school, please contact the office and someone will get back to you.

This includes help with remote learning, access to technology, support with additional food and sign posting to other agencies who may be able to help you.

Hampers

In addition to the weekly Leeds hamper, we are also adding additional items to try to provide as much support as possible. **Hampers are available to pick up between 12 and 2.30pm on a Monday.** Please come to the main office. We are also working with Leeds to provide a food hamper over half term.

School Milk

We have had a few enquiries about those who ordered and paid for school milk. Although we are not able to provide refunds, we will carry over any money paid and your children will receive milk when they return to school.

Positive tests

Even though your children are not at school now, we are still expected to report any positive cases. Please let us know if your child tests positive whilst at home. We do not share their names or personal information. Thank you.

Government Announcement

The Prime Minister has said it will not be possible to reopen schools straight after the half term break. There will be two weeks' notice given to you when school will be able to reopen again.

Relationship, Sex and Health Education

All schools in England are expected to teach the new curriculum. We have worked with governors and staff to develop this and over the next few weeks, we will be asking for your views. Please check the website for this and any other information.
