29<sup>th</sup> January 2021

**Another week completed and the children continue to do well in school, the staff are very pleased with their behaviour and attitude to learning. Let's hope we can return to normal soon.**

### **ISOLATING**

**It is vital that if your child or anyone living in your house develops COVID symptoms you must book a test for that person and all members of the household stay at home until you receive the results. If positive you must all isolate for 10 days.**

### **CHILDREN MUST NOT COME TO SCHOOL**

### **REPORTING A POSITIVE CASE**

#### **Reporting suspected or positive cases at the weekend**

If your child has been in school and becomes ill at the weekend and goes for a test or receives a positive test result we need to know. To ensure you can contact us at the weekend we are including two numbers you can call to do this on a Saturday and Sunday.

1. Mrs Wainwright 07793988653
2. Miss Lawson 07736635403

### **Doors Are Open 8.30-9am**

Please be aware children need to arrive between 8.30am and 9am. Arriving after this time causes problems in the current situation and we do not have the staff to take the children to their classes.

### **Home Time 3pm-3.10pm**

Children must be collected on time, to maintain the class bubbles we cannot have several children from different bubbles waiting outside the office.

### **Play scheme**

You will have received notification today about whether your child has been offered a place for February Half Term. Please ensure you return your confirmation with the money to school by the required date. You can pay by card at the office if you prefer. Please remember that children must arrive on time and be collected on time. If you collect your children late, we may withdraw their place.

### **Milk**

The school milk scheme started again this week. Children in nursery and reception are all offered milk and those in the other years who previously ordered it are now having it again.

### **Staff Testing Update**

Next week all staff in school are being offered weekly tests. Each member of staff will take a Lateral Flow test twice a week. If positive, all contacts including any children will need to isolate until they have a PCR test. If that is positive, the member of staff and all contacts will have to isolate for the required 10 days. This is to identify people without symptoms, who could then pass on the virus to others. Unfortunately, this could result in us having to close more bubbles and send children home.
