

FUELFORSCHOOL

The Real Junk Food Project

Dear Parents,

It is with great pleasure that I announce to you a new partnership with your school and Fuel For School The Real Junk Food Project.

What is The Real Junk Food Project?

The Real Junk Food Project is a charitable foundation that was set up to highlight the vast amount of global food waste. It began as a global, organic network of pay as you feel cafes, who all divert food destined for waste and use it to create delicious and healthy meals. There are now 126 cafes around the world in 7 different countries. Last year the charity also opened up the first ever pay as you feel supermarket on Grangefield Industrial Estate in Pudsey. All are open for you to visit, enjoy the food and pay as you feel.

What is Fuel For School?

Fuel For School is a program through which schools across the country can take part in the global fight against food waste together with The Real Junk Food Project. We will work with your school to develop awareness and skills around the issue of food waste and we will take practical action against it. Together we will be making a difference!

A weekly delivery of food

We work across the UK to pick up surplus food, and find ways for it to be used. Your school will receive a delivery of this surplus every week. Just by using this food and averting it going to landfill, you will be preventing the same amount of environmental damage as a car driving around the globe twice every year! We look forward to providing you with plenty of outstanding produce to feed bellies, not bins. Your delivery day will be a Wednesday,

Pay As You Feel

We believe all food has value. We also believe that there are many different ways to value something aside from money, and that different people value different things. For that reason any food that we make available to you will be 'Pay As You Feel' (PAYF). Pay As You Feel means that we let you decide how you want to value the food we've provided. While money is appreciated and will help provide funds for your school, we also welcome time & skills in return. Ask your school about the various ways in which you might help if you prefer to pay in kind.

"Let's REALLY feed the world"

Thank you for your support.
