

Maths parent session

Friday 2nd February

2:45 - 3:15

In the school library

We understand that maths may seem very different nowadays to when you were at school.

The maths team (Mr Waters, Miss Christie, Mrs Schofield and Miss Poole) would like to invite parents to come along to a maths afternoon in school. It will be hosted in our school library on Friday 2nd February at 2:45 - 3:15 before you pick up your children. We will be on hand to answer any questions and will have some Year 6 children demonstrating the methods we use in school. We also have a range of guides about how to support further at home, as well as discussing some apps that children can use to improve their mathematical ability. We hope to see many familiar faces in the afternoon. No booking or tickets required, just turn up!
