Lens/Focus of Learning
Significance/Impact- KS2
Cause/Consequence
Continuity/Change
Similarity/Difference
Sources and Evidence
Interpretation

Substantive Knowledge- Golden Threads of our Curriculum

1. Civilisation

Students are taught about the development of societies and civilisations from the earliest form (Stone Age) to the development of societies, rules of law and order, which are comparable to today (Victorians).

2. Conflict/Invasion

Students are taught about the changing nature of conflict and invasion from the invasion of small areas, to large scale empires to invasions in World War II into sovereign land.

3. Empire and Power

Students see the rise and fall of large empires, both in Britain and around the world, having the opportunity to see similarities and differences in the meaning of power as the world arguable became 'smaller' and more of the world was up for grabs.

4. Monarchy

Students see how the meaning of monarchy changes depending on the empire or civilisation you're researching. We discuss emperors, pharaohs, caliphates and dynasties, questioning whether hereditary rulers are fair and effective.

5. Migration (immigration/settlement)

Students look at a fact of human life for millions of years- movement and settlement, beginning with the earliest evidence of movement and settlement in the Stone Age, and finishing with migration due to discrimination in World War II and migration of the Windrush generation.

6. Trade

Trade has been a constant in civilisations and societies through history. Children learnt that trade is not only about money, but about objects valued at that time in history, from silk and lapis in the Islamic Empire to coinage and currency in the Roman and Greek Empires.

7. Governance

Students learn about the changing governance and rules of law of civilisations and societies through history. They understand democracies and dictatorships whilst also questioning some of the rules of law at the time.

St Bartholomew's C of E Primary School History Curriculum Overview

EYFS					
Autumn		Spring	Summer		Early Learning Goals
Who am I and where do I belong? Through their learning about religious celebrations, children in EYFS look back at celebrations in their own life. Children learn about their families and how they have changed since being a baby. They talk about how things were different when their parents, grandparents etc were young. Milestones • Children can talk about special times, celebrations/ birthdays they remember in their life. • Begin to recognize that we celebrate certain events, such as bonfire night because of events that happened many years ago. • Children can talk about how they have changed from being a baby • Children will talk about how children and adults are different	Children le around the w we can trave how the are and learn ab was a long t about hist	arn about different places world and the ways in which el. Children will learn about a around us has changed bout how different transport ime ago. Children will learn orical events such as the moon landing Milestones ments on images of familiar situations in the past hildren will compare and rast characters from stories uding figures from the past	What can I see and h change? Children will learn about the seasons. They will learn things change over time happens as things grow. It talk about the year they here are they happens and the key even shared. Milestones Children will concontrast characters including figures for the seasons.	he changing about how and what Children will have had in ints they have	 Be able to talk about the lives of the people around them and their roles in society. Be able to know some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class. Be able to understand the past through settings, characters, and events encountered in books read in class and encountered in storytelling.

Year 2				
Autumn	Spring	Summer		
Topic: Castles, Kings, Knights and Queens Enquiry Question: What is a castle and what do we know from sources and evidence that it was used for? Topic overview In this topic, the children begin by exploring different types of buildings in our local area, including Kirkstall Abbey. They will become familiar with timelines, ordering events and buildings. They will look at castles and learning about the similarities and differences between them. They then explore different sources to find out about the interior and exterior of a castle. They compare castles in the past to our homes now and learn about the people who lived in a castle and what their roles were. They also visit Skipton Castle to enable them to have first-hand experience of seeing a castle.	Topic: Great Fire of London Enquiry Question: How do we know so much about what happened in the Great Fire of London? Topic overview The children begin this topic by comparing life now to what life was like in 1666. They then learn about the main events of the Great Fire of London and put them in chronological order. They explore different sources from the past and discuss what these sources tell us and how useful they are to learn about the past. The children learn about why the fire spread quickly as well as the changes in London that took place after the fire.	Topic: Pirates Enquiry Question: Can we call Grace O'Malley a pirate? Topic overview This topic encourages pupils to explore the past by examining their ideas about pirates, with particular reference to Grace O'Malley. The key question leads children to consider what are the characteristics of a pirate and to challenge stereotypes in the light of historical enquiry. The key question also leads to an understanding of the complexities of the life and values of a significant woman living in the 16th /17th century.

Links to Previous Learning: Y3- Monarchy – how is the Egyptian monarchy different to the Tudor monarchy? Y2- Kings and Castles Links to Future Learning: Idea of civilisation repeated when Year 5 do Greeks, similarities and differences between the two e.g. gods etc. Changing ideas of civilisations from ancient to more modern day, particularly in activism, ww2 and Windrush in year 5 and 6

Year 5			
Autumn	Spring	Summer	
Enquiry Question: Topic: How have activists made change over time and were they always successful?	Enquiry Question: <u>Topic: What do sources and evidence tell us about The</u> <u>Vikings invasion and settlement in Britain?</u>	Enquiry Question: The story of the Trojan Horse: historical fact, legend or classical myth?	
Topic overview This topic looks at different forms of activism from the Magna Carta to the Suffragettes and asks children to interrogate reasons for activism, who was protesting, against whom and the changes that were a consequence of activism, or not as the case may be. The children compare forms of activism over time, spotting similarities and differences.	Topic overview This topic begins by recapping learning from previous year groups about the state of Britain in the 4 th century, looking at the collapse of Roman Britain and the Anglo-Saxons. The topic then moves to the invasion and settlement of the Vikings, their impact upon Yorkshire and the Danelaw agreement. We use sources and evidence from people of the time and artefacts to answer our enquiry question.	Topic overview Through this topic, the children will describe and explain the main events in the siege of the city of Troy during the Trojan War. They will evaluate written and visual archaeological evidence. They will then investigate the evidence to help them decide if the story is in their opinion fact, legend or myth.	
 National Curriculum Coverage: a study of an aspect or theme in British history that extends pupils' chronological knowledge 	 National Curriculum Coverage: the Viking and Anglo-Saxon struggle for the Kingdom of England to the time of Edward the 	 National Curriculum Coverage: Ancient Greece – a study of Greek life and achievements and their influence on the
