## What Parents & Educators Need to Know about **LEGO FORTNITE**

Epic Games have recently introduced three new game modes to Fortnite: Rocket Racing, Fortnite Festival and, finally, Lego Fortnite: a survival game using official Lego characters. There are lots of great mechanics that encourage creativity in children, but – as with any online game – it's important to stay aware of the potential risks.

### WHAT ARE THE RISKS?

#### MONETISATION

Lego Fortnite utilises a similar online item shop to the main Fortnite game. When this title was released, the makers introduced thousands of Lego versions of the original game's character skins. While these character skins have remained the same price, this piece of downloadable content effectively doubled the cosmetics available, creating even more opportunities to spend real money on these in-game accessories.

#### ONLINE PLAY

Just like Fortnite itself, Lego Fortnite can be played online against other people. Players can invite anyone to play with them, so there's always a chance of strangers (including much older ones) ending up on a child's server. Thankfully, Epic Games has implemented a solid reporting system, as well as tools to kick other players from the game.

#### FEAR FACTOR

There is no explicit violence in Lego Fortnite, but there is a lot of combat. While the battles in Lego Fortnite remain very cartoonish and child friendly, a lot of the action unfolds inside dark caves, with spiders, skeletons or scary-looking monsters. The game can get a little spooky at times, which could potentially scare younger players.

#### COMPLEX GAMEPLAY

Lego Fortnite is a survival game, though it's not as simple as something like Minecraft. There are lots of different crafting stations and loads of items to use or combine (including various rarities to seek out and harvest). The gathering and crafting elements of the game can get quite complicated and confusing, which could be a source of frustration for some younger players.

## Advice for Parents & Educators

#### LEGO IS FRIENDLY

Much like real Lego, this game is incredibly inviting. It's friendly, fun and accessible: a younger player could still enjoy this title even if they'd never played Fortnite before. With sanitised violence, it's a far more family-friendly gaming experience all round – worth bearing in mind if you're concerned about children and young people being exposed to violent or frightening content.

#### SET LITTLE CHALLENGES

As we've noted, the game is a lot more difficult than it may seem, which could be frustrating or upsetting for some younger players. While the game does a good job of setting realistic targets for players, it can still feel overwhelming. If parents suggest smaller challenges – such as building a house – children can flex their creativity, express themselves with their builds and feel a real sense of accomplishment.

#### PLAY TOGETHER

Parents could take some time to have fun playing the game with their child. Besides helping with some of the more complicated tasks, playing with family members also reduces the need for younger players to find strangers to enjoy the game with. Playing Lego Fortnite with a child also lets parents control the length of gaming sessions. Instead of "switch it off", parents can now say "let's play some more later!"

#### MONITOR SPENDING

As with the main version of Fortnite, it's worth parents staying aware of how much a child is spending on V-Bucks, the in-game currency. It can be a temptation for young players to buy character skins in Lego form, as a way of expressing themselves and making their characters look cool and unique. As these digital skins tend to cost between £6 and £18, outlay can add up very quickly if it's not tracked and limited.

## Bambinelli Sunday - 15th December

The beautiful Advent Tradition, Bambinelli Sunday, follows that on the Third Sunday of Advent (Gaudete Sunday) children and adults bring their Baby Jesus figures from their homes to St Peters Square where they are blessed by the Pope.

Parishes around the world now join in the celebration, encouraging young children to make the connection between the Nativity set at home and their local church where they worship each weekend. Families can make their own 'Bambinelli' if they wish.

# Spanish Day

St Bede's had a fantastic day celebrating all things Spanish. We enjoyed spending time in our pastoral groups learning all about Spanish artists, Spanish Christmas and Spanish speaking countries. Local musician, Mark Boden then treated us to a Spanish music workshop, where we found out about the history of flamenco, learned some clapping rhythms and joined in as he performed, 'Te Quiero Verde.'

A very special thank you for Father Kevin for coming in to school to bless our Christmas tree for us last week
