Useful Information

- Lancashire's co-ordinated admission scheme allows parents of all pupils living within Lancashire to complete a single application expressing up to three preferences for admission to maintained schools, academies and free schools within Lancashire and, if they wish, to include those in neighbouring authority areas.
- Following consideration of expressed preferences, the Local Authority will issue to parents living within Lancashire the offer of a single school or academy place. All preferences from parents will be considered equally and where more than one offer is possible the priority order in which parents expressed their preferences will be used to determine which single offer is made.
- All Lancashire parents must use Lancashire's online admission applications system to be legally registered within the annual process for secondary intakes. (Where there are reasons for a paper application being required, parents may contact Lancashire County Council's Area Pupil Access Team.)
