

## History : Year 5 Stone Age to Iron Age

**What should I already know...**

**How to describe and compare some of the features of earliest civilisation**

**Knowledge of Ancient Greeks and Ancient Egyptian civilisations**

**Recognise why some events happened and the impact of these events.**

### Vocabulary

Anno Domini AD

Agriculture

Before Christ BC

Crop

Flint

Mesolithic

Neolithic

Palaeolithic

Prehistoric

Settlement

Skara Brae

Stonehenge

**What I will know about /be able to do at the end of this unit.**

The stone age was split into three periods

People were hunter –gatherers

People began farming and growing crops

During the bronze Age, bronze was used instead of stone to make tools and weapons

Woollen cloth was used to make clothes and to keep warm

In the Iron age, iron was used to make tools and weapons as its shape can be changed.

Settlements were often under attack and there were many wars.

Britain was invaded by the Roman

The impact that farming had on lives.

Find similarities and differences between civilisations
