

Topic Web - Tigers – Spring 2020

The children will consider the values by which they will live and how they can look after themselves.

PSHE –
Relationships
and emotional
health

History –

Starting with the Stone Age and going to the end of the Iron Age, the children will discover how humans first came to Britain, how they lived and what developments were made in each era.

PE –

The children will perform gymnastic routines.

RE - The Way, The
Truth and The Light

Music –

The children will explore rhythmic patterns

**May the force
be with you!**

Geography –

Locate on a British Isles map where humans settled, how they travelled and the impact on the land during the Stone Age

ICT – Design own game

The children will design and write programs in order to produce their own game.

Science –
Materials and
forces

The children will make predictions and carry out investigations about whether changes in materials are reversible or not. The children will discover how forces affect everything around us. They will also learn about the effects of gravity, friction, air and water.

ART
Perspective

The children will use materials and processes in response to the above Artists.

DT

The children will design their own Stone/Iron Age shelter.
