

# Co-Curricular Summer 2026

At St. Cecilia's, our vision is to provide an excellent, well-rounded education and formation which celebrates our pupils' academic, emotional, and spiritual achievement, whilst preparing everyone to fulfil their full potential as human beings in God's World. Personal Development at St. Cecilia's is both plentiful and accessible to all, maximising the outcomes for every child so that they can flourish in life. We believe that developing as a human being is a key building block for 'success' in life. This 'success' has many strands including being able to relate to and contribute better to the world around you, developing safe and fulfilling relationships with others, growing a character that values equality and inclusivity whilst supporting what is right and just, having high levels of belief and fulfilling potential.

For ease of your interpretation of the document below, we can group some components of our Personal Development programme into areas such as:

- Safe Relationships
- Physical Health, Mental Health, and Wellbeing
- Relationships and Sex Education
- Equality, Inclusion and Opportunity
- Fundamental British Values
- Citizenship
- Spiritual Development
- Moral Development
- Social development
- Cultural Development
- Character Development
- Futures, Finance and Careers

You can read about examples of personal development at St Cecilia's, through the mediums of **the curriculum, extra-curricular activities, PSHE/RSE, year group activities and interventions** here:
