

# Subsidiarity – Y8

The Catholic social teaching principle of Subsidiarity is about ensuring decision making happens at the most appropriate level so all those affected can contribute. CST teaches us that when making decision that affects all of us, we should listen to the ordinary people. Often the powerful leaders are very detached from the reality of ordinary life and do not consult the people before passing laws or making decisions. If we want a more Christian and fairer world CST teaches us we should take into consideration the opinions of ordinary people.

Watch the video clip.

Use the prompt bubbles (in number order) on your sheet to make some notes.

Then, work in small groups to share the information you have and fill your sheet with information on what Subsidiarity is, and why it is so important for Catholic Social Teaching.

## Catholic Social Teaching

The Common Good

Human Dignity

Dignity of workers

Subsidiarity

Solidarity

Option for the poor

Stewardship of Creation

Subsidiarity
