### What is Class Dojo?

Class Dojo is an online platform that is designed to communicate securely between school and home. It is used widely across both primary and secondary schools in the UK successfully. An [introduction to Class Dojo](#) video can be found here. This video gives an overview of what Class Dojo offers; please bear in mind we have tailored the services it offers to fit the needs of our school, so not all aspects that you may see in the video will be in use at St. Christopher's Primary School.

Class Dojo has four main elements:

The Class Dojo app or website offers a social media-style interface which manages the flow of frequent information from school to home. It can be accessed through a smartphone or tablet app or through a desktop browser. Teachers at St. Christopher's will be accessing Class Dojo through school iPads or laptops. It is secure and personal to our school and provides information in an easy to use format similar to Twitter and Facebook.

Class Dojo is compliant with the GDPR. Parents give permission for the school to process their child's data on the system when they complete the data processing consent form.

***Our Class Dojo account is only available to parents and pupils registered at St. Christopher's. Parents are reminded that they should not take images from Class Dojo and post them elsewhere online. Breaching this requirement will lead to account suspension.***
