

Y6 Curriculum Newsletter - Autumn Term

Literacy

This term, the children will be reading 'Wild Boy' as their class novels. They will also be reading a selection of different genres to spark interest and imagination.

Their writing will include narrative descriptions, setting and action / dialogue.

Children should continue to read each night

Maths

In math's this term, the children will focus on place value (up to and beyond 5 digits), addition and subtraction, multiplication and division, statistics, shape and measurement (length, perimeter and area).

Science

Our first topic is **light**. The children will investigate how light travels, different light sources and shadows.

After half term, we will study the topic **electricity**. This will include creating, drawing and investigating circuits.

Home Learning

Reading is required still at home.

Times tables should also be practiced if not secure up to 12 x 12.

RE

This term's RE topics Creation and Covenant.

ICT

Children will be learning about E-safety and A.I

Art

This term's artwork will be linked to our History - Industrial landscapes.

Trips:
Crucial Crew trip – Safety.
Visit to EMS for Curriculum taster day.

History

Industrial Revolution and the Victorians.

PE

Team Games and Hockey.
