

# Y11 MOCK EXAMINATIONS

Parents' Information Event

Year 11 mock examinations will take place in the first two weeks after the half term break (31.10.22 to 11.11.22).

Students will be examined on what they have learned in every subject they have studied, since the start of Year 10. These examinations are important for a number of reasons. Firstly, they allow the school and you to gain an accurate picture of the progress your child has made so far. Secondly, they allow your child's teachers to assess what your child knows and can do and what they do not know and what they cannot do: this information will be used to inform your child's teachers' planning so that they can progress even further. Finally, they are the most accurate indication, for colleges, further education providers and employers of your child's potential outcomes at the end of Year 11.

In order to help you and your child to best prepare for their mock examinations, the school has compiled this information booklet. The school has also put together some short videos from each subject area explaining what you and your child can do in order to best prepare for their upcoming mock examinations.

If you have any further questions, please do not hesitate to contact a member of the Pastoral or Curriculum Teams at school.
