Baby & Toddler Alliance Connect: Exploring sensory and messy play Tuesday 22 March 2022

Join our FREE online sessions aimed specifically for toddler group leaders, parents and carers.

Sensory and messy play helps young children's developing brains to make connections and form neural pathways through hands on experiences and discoveries.

In this interactive Alliance Connect session we will explore sensory and messy play opportunities, and share examples that can be used within your groups and at home with families. Messy play doesn't have to mean making a mess!

Book your place now:

- Tuesday 22 March, 1.15pm - 2.15pm - [Book now](#)
- Tuesday 22 March, 6.30pm - 7.30pm - [Book now](#)
