BRECK FOUNDATION WORKSHOPS

Dear Parents and Carers,

On Tuesday 21st October, a member of the team at the Breck Foundation will be coming in to deliver a workshop to the Year 6 children.

The focus of the workshops is to develop and enhance the work we have been doing to promote being safe online. With the half term holidays coming up and therefore the potential for increased screen time for our pupils, it is important to remind the pupils of strategies to keep themselves safe online.

The Breck Foundation was set up in 2014 by Breck's parents. He was a boy from Caterham, who was tragically killed after being groomed by an adult he met online while playing video games.

Please be assured that the content in the session will be suitable for Year 6 children. The class teachers will be present for the workshop to support the children in their understanding and answer any questions.

I have linked the website below if you would like to do any reading around the charity and the work they do. If you would like support in talking to your child about their online safety please speak to your child's class teacher or reach out to a member of the leadership team.

<https://www.breckfoundation.org/>

Yours sincerely,

Mr L Hawkes
Headteacher
