St George's School Mission Statement

At St George's School we aim to create the environment where:

All children enjoy learning, working together and collaborating;

All children are well mannered and care for each other;

All children develop self-discipline, confidence, self respect and achieve their personal best;

All children feel happy, secure and grow, both morally and spiritually.

St George's School Aims

Our School is a partnership between Staff, Governors, Parents, The Church and the Local Community.

Together we seek to ensure that:

There is a caring atmosphere where each person feels secure, valued and respected.

Each child is stimulated and challenged to achieve their full learning potential.

Children develop positive attitudes towards learning by realising that we learn from making mistakes, need to persevere to succeed, need to be risk takers, be patient and often collaborate.

Children actively participate in decision making and school improvement.

The School provides the foundation for learning and education throughout life.

The staff are highly capable, enthusiastic, respected and have plenty of opportunities for ongoing professional development.
