

# Academy Hours

## St George's School: A Church of England Academy.

**'Be devoted to one another in love. Honour one another  
above yourselves'**

Romans 12:10

## Aims

Through appreciating and promoting the Christian values of dignity, hope, community, wisdom, humility and kindness, all members of St George's are encouraged to be aspirational. We aim to positively impact upon each other and society so that we contribute to a world where, inspired by St Paul, we can 'be devoted to one another in love. Honour one another above yourselves'

At St George's we offer an extended academy day. Pupils have more time in the classroom to acquire knowledge, skills and understanding, as well as more opportunities to broaden their education.

The pursuit of wisdom (one of our key values) is at the heart of life at St George's. All schools focus on the acquisition of knowledge and understanding – and these are aspects of wisdom – but true wisdom is something far deeper. Each of our values stands separately, but pulled together they help our pupils to acquire something which will help them make appropriate choices and decisions, and will undergird their positive relationships throughout their lives. Wisdom is gained by humbly submitting to learning, by approaching others with kindness, by upholding the human dignity of all, and by holding on to the hope that is set before us. Like the farmer in Jesus' parable, we are sowing for the future – and we aim to provide good soil for our pupils to root themselves in; or, like the wise builder, a firm rock on which they can build their house.
