

The Summer MathsWatch Challenge

Dates: Monday 21st July – Friday 29th August 2025

What's Involved

The Summer MathsWatch Challenge is a fun and flexible way to help pupils keep their maths skills sharp over the summer holidays. It's designed to support confidence and readiness for the new school year.

- A 6-week challenge running throughout the summer break
- Weekly revision tasks set on MathsWatch
- Just 1 hour per week – easy to fit around other summer plans
- Tasks focus on revision, confidence-building, and key skills
- Prizes for the highest scores and most improvement

How to Take Part

- Log in to MathsWatch (the online platform pupils already use)
- Complete the weekly set tasks between 21st July and 29th August

Prizes:

Prizes will be awarded as follows:

- **Top-Scoring Pupils**
 - The highest-scoring pupils in each year group will be entered into a prize draw.
 - One winner **per year group** will receive a **£15 Amazon voucher**.
- **Most Improved Pupils**
 - Pupils who make the most progress over the summer will also be entered into a prize draw.
 - One winner **per year group** will receive a **£10 Amazon voucher**.
