6 November 2020

Dear Parents and Carers

Parents/Carers Evening

At this point in the year, we would usually be inviting you into school to talk about your child and how they have settled in during the Autumn term. However, due to Covid restrictions and the number of adults that would be on the site we have decided that an Autumn term review document from your class teacher will be issued, along with the offer to have a virtual meeting. I understand this may be frustrating for you but hope that you support our view that the safety of children and staff at the time is paramount.

The Autumn review takes into account the impact that the Covid pandemic has had on your child's attainment. Nationally there has been a drop in attainment and progress from Spring Term to Autumn Term 2020. The enclosed document discusses your child's strengths and also the areas to work on. The school is adapting planning and lessons to target identified areas in order to increase progress levels. It would be helpful to your child's progress if you could discuss the areas to work on with your child at home too.

As parents and carers are unable to attend meetings this term could you please email the school on admin2571@welearn265.com :

- To make us aware of any areas where you feel your child needs support.
- If you would like a virtual meeting with your child's class teacher.

Also enclosed is a Data Collection Form. We need to keep our records accurate and up to date therefore could you please check the details for your child are correct, paying particular attention to the emergency contact details. Amend if necessary, sign and return to school.

We appreciate your support and hopefully face to face parents meetings will resume again in the Spring Term.

Yours sincerely

Mr Mann
Headteacher

Encs.
