

St Gregory's Text Travels

A whole school Reading spine

St Gregory's Catholic Academy

Our 'Text Travels'

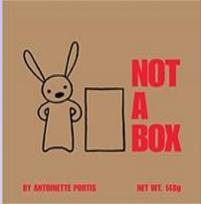

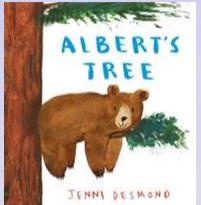

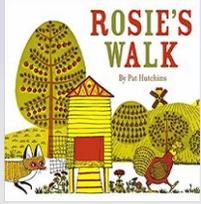

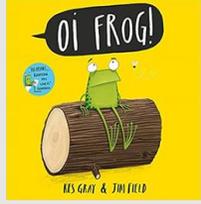

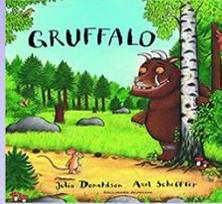

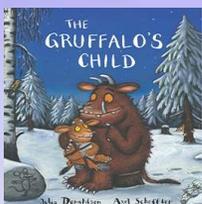

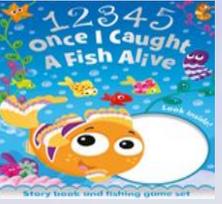

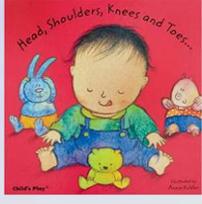

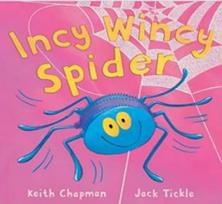

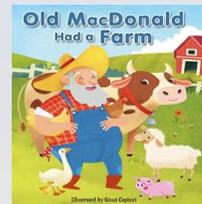

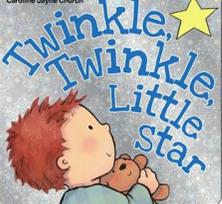

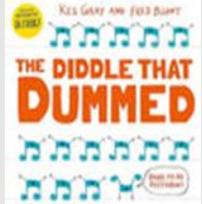

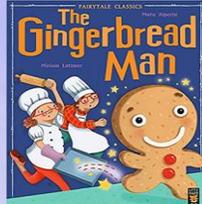

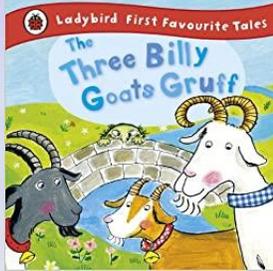

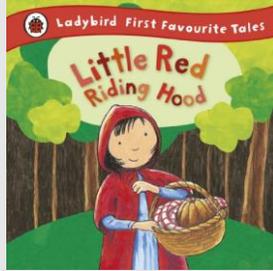

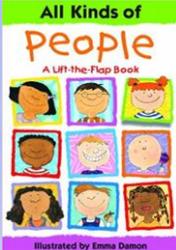

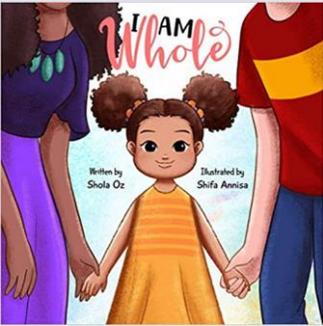

We want our school, St Gregory's Catholic academy, to be a place where children are read to, enjoy listening to high- quality books and share their enjoyment of stories through discussion. On their journey through our school we want our children to enjoy, discuss and explore a wide range of core books. This is our reading 'Text Travels' spine.

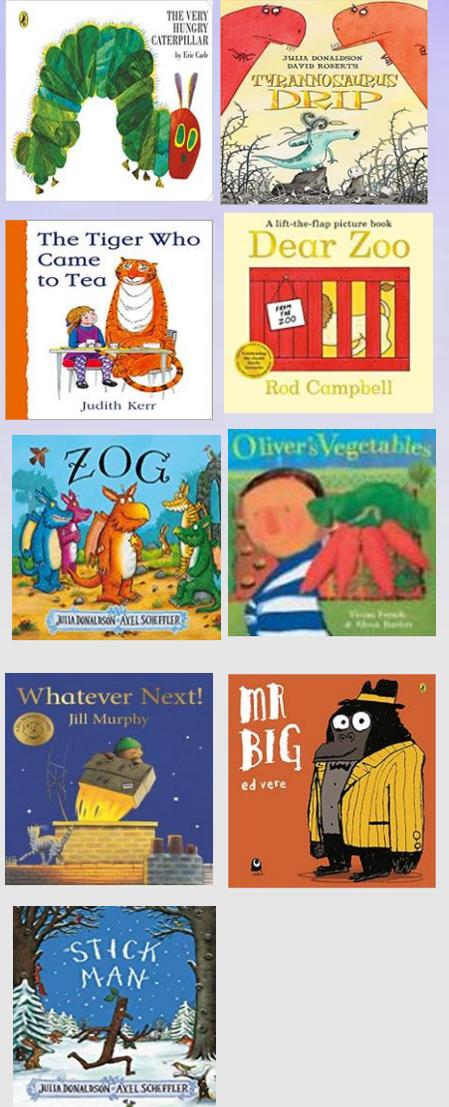

Our 'Text Travels' spine is one element of the approach we take to fostering a love of reading for our children. The Text Travels is a spine of core books that create a living library inside the minds of children at St Gregory's. It is a store of classics and essential reads that help our children engage with texts at a deeper level and enter the world of a story. We have created our own 'Text Travels' for every year group; giving children access to high quality texts through each step of their primary education. The texts that are included are nursery rhymes, fairy tales, classic stories, poetry and books which explore diversity.

Our Text Travels spine helps our children to know more and remember more by allowing children to bring their existing knowledge to what they are reading. Texts reflect our curriculum while also capturing the social context and diversity of St Gregory's. We believe this allows our children to connect their knowledge in a meaningful way.

We use our Text Travels spine in every year group across the school year. From Nursery to year 6, our children are immersed in the best books available to children.
