

## 10 hours of TV

### Need: TV guide

- The children are allocated 10 hours of television for the week.
- Working in pairs, the children look through the TV guide and decide which programmes they are going to watch.
- They then write a schedule for the week, calculating the length of each programme and making sure that their number of viewing hours does not exceed 10.

For example:

Day	Name of Programme	Time	Length of programme	Total viewing hours
Monday	Dragons: Riders of Berk	3:45pm – 4:10pm	25 minutes	25 minutes
Tuesday	Adventure time	4:50pm – 5:20pm	30 minutes	55 minutes
Tuesday	The Garfield Show	5:55pm – 6:50pm	55 minutes	1hour 50 minutes
etc.
