# Footsteps in the snow

Little has size 2 boots.

Middle has size 3 boots.
They are one and a half times the
length of Little's boots.

Big has size 5 boots.
A little boot and a middle boot
are the same length as a big boot.

They start with the heels of
their boots on the same line.

They each walk heel to toe.

When will all three heels be in line again?
