

Choose a Strategy 2

- Look at the following calculations.
- Decide which calculations you can do mentally and which require a formal written method and calculate the answers.
- Check your different strategies with a partner.

$450 + 58$	$81 + 380$	$5.1 + 312 + 36$
$284 - 37$	$5764 - 2892$	$1443 + 39$
$6567 + 5378$	$1003 - 995$	$634.3 - 249.8$
$845 + 57$	$27 + 475$	$5007 + 2994$
$4.5 + 21.4$	$7176 + 4086$	$284 - 79$
