

Choose a Strategy

- Look at the following calculations.
- Decide which calculations you can do mentally and which require a formal written method and calculate the answers.
- Check your different strategies with a partner.

$150 + 38$	$76 + 275$	$138 + 47 - 38$
$174 - 35$	$4675 - 1782$	$253 + 29$
$2756 + 4287$	$373 - 368$	$465 - 30$
$755 + 37$	$28 + 175$	$4009 + 1995$
$49 + 232$	$7065 + 4278$	$195 - 89$
