

Double Portions

- A giant has planned his shopping list for the week but his twin sister has decided to come and stay.
- She eats exactly the same amount of food as the giant does.
- He needs to change his shopping list so that there will be enough for both him and his sister.
- He needs to double the amounts he has already put on his list.

Shopping List For Me	Shopping List For My Sister And Me
10 bags of apples	bags of apples
4 bags of potatoes	bags of potatoes
7 chickens	chickens
8 packets of biscuits	packets of biscuits
2 sacks of carrots	sacks of carrots
9 loaves of bread	loaves of bread
12 tins of beans	tins of beans
6 crates of orange juice	crates of orange juice

- The giant's sister arrives with some treats to share with her brother. If everything is shared equally between the two of them (halved), how much will they each get?

Treats In Total	Treats Each
8 bags of sweets	bags of sweets
