Try to get to the other end of the maze without touching the lines.</p> <p>This can be done in any space from your local park to your back garden (remember to keep your social distance)</p>	<p>For Throwback day try Kerby - You will have to keep your own score when playing Kerby. Make sure you are <u>honest</u> when adding points, keeping the score and deciding who wins.</p> <p>A game for two players. You'll need a large ball (e.g. football) and a road with two kerbs on either side. DO NOT play where there is traffic – try and find a quiet space with two kerbs or ask an adult to help you make some temporary kerbs in the garden using blocks of wood (this might work better using a smaller ball).</p> <p>Player 1 stands on one side of the road and player 2 stands opposite</p>	<p><i>Respect means thinking about how what you do or say might affect others ; listening to others and appreciating who they are and what they do.</i></p> <p>Try this activity from the Lawn Tennis Association (LTA)</p> <p>Create a tennis game that people who are blind, partially sighted and sighted could play together. You could even try it on your scooter or roller skates.</p> <p>Change the maze after every round and record your time it takes you to complete each maze.</p> <p>You can do this challenge by yourself or with a member of your family / bubble.</p>	<p>on the other side of the road.</p> <p>Agree a target number of points to get to in order to win the game. E.g. First to 100 points wins.</p> <p>The person with the ball throws it aiming to hit the kerb on the other side in order to get the ball to bounce back at them to catch. If this occurs this player receives a certain amount of points (e.g. 10 points if they throw AND catch it, 5 points if they fail to catch it) and they also win the chance to move into the centre of the road and aim for the kerb again to score 5 bonus points (the bonus points are won if the player manages to hit the kerb from the new playing position and catch the ball).</p> <p>The winner is the first person to reach the agreed total of points first.</p>	<p>Present the game in whatever way you like: a drawing, a set of instructions, photos or video.</p> <p>Challenge your family to play the game with you.</p> <p>If you are working as an individual what could you use so that you could play a game of tennis?</p> <p>Think of equipment you can use in your house and can you try to make the activity easier or harder using some of this equipment.</p>	<p>using 3 people, this is super hard!</p> <p>Work together to make your sandwich.</p> <p>Challenge 1: Cheese sandwich Squat down and up 10 times in a row without dropping the ball.</p> <p>Challenge 2: Cheese &amp; Tomatoe Sandwich Jump in the air together 10 times in a row without dropping the ball.</p> <p>Challenge 3: Cheese &amp; Ham Sandwich Squat down and jump up in the air 10 times in a row without dropping the ball.</p> <p>Challenge 4: Super Vegi Runner Bean Deluxe Sandwich Place 2 cones (or other markers) on the ground 10m apart. ## School Games Values

There are six values that are important in sport: Passion, Self-belief, Respect, Honesty, Teamwork, Determination.

### Passion...

Giving it 100%, putting your heart and soul into the game and never giving up. Passion makes you enter the race and passion makes you finish it.

### Respect...

For the referee, for the opposition, for your team mates, for yourself and for The Game. Accepting victory and defeat with grace, treating others politely and with understanding. Respect every day, in every sport and for everyone.

### Honesty...

With others and with yourself. Have the courage to do the right thing and what you know is right. Let the best person win, not the best cheat!

### Self-belief...

You've got to believe to achieve. Have the self-belief and confidence to succeed and reach your personal best.

### Teamwork...

Treating every one equally, supporting each other and working together to have fun and achieve. Celebrate each other's success and be a positive team player.
