

## Subtraction Problems

Solve the problems that are subtraction. The ones that are not subtraction problems you don't need to do.

1. Phoebe has got 34 Princess books. Aaliyah has got 43 Princess books. How many more has Aaliyah got than Phoebe?
2. Ben buys a toy at the shop for 65p. He pays with a £1 coin. How much change should he get?
3. Lucy's ribbon in her hair is 45cm long. Hayley's ribbon in her hair is 30cm long. How much shorter is Hayley's ribbon than Lucy's ribbon?
4. Dale is making a drink. He puts 20ml of juice in a cup and then 75ml of water. What is the size of the drink in total?
5. A Wallace and Gromit film lasts for 45 minutes. It has been on for 28 minutes. How much of the film is left to watch?
6. The packet of sweets had a total of 65 to start with. 26 sweets have been eaten. How many sweets are left?
