

As the weather gets colder we will be wearing our coats more. Let's all practice zipping our coats and tying our shoes to keep ourselves warm!

Year 1 Homework – 16.10.20

Maths

We are doing really well with counting in 2s and getting better everyday! Please continue to practise this at home with your child.

Geography

We will be discussing what we like and dislike about our local area. Can you draw a picture and write about your favourite place in Stockton?

October is our Lady's special month.

We have been learning about the Rosary and practising the Hail Mary. Can you practise saying the first few lines at home?

Reading

Alongside phonics, we are learning to read Year 1 common exception words (tricky words). Children will have received a copy of these in their reading packets. The aim is to colour the words as they learn to read them independently and with confidence. Please support them with reading these words at home.

You could listen to the tricky words song together at home:

Your child will receive a picture book each week which will need to be returned along with their reading packet. Please share these stories with your child and encourage them to read some of the more challenging words.
