

# Y3 Earth Day - Wednesday 22<sup>nd</sup> April 2020

Earth Day is celebrated every year on April 22<sup>nd</sup>.

God created the Earth for us so we need to do our best look after it.

## Read or listen to the Creation story.

Watch an animated version: <https://www.youtube.com/watch?v=teu7BCZTgDs>

God created the Earth in 6 days and rested on day 7. Can you design a poster or leaflet showing what God made on each of the 6 days?

Or can you make a model of something God created in the story?

## Get outside and enjoy God's Wonderful World.

Go for a walk or explore in your garden and see how many things you can find that God has created.

Ask someone at home to make you a list of things to look for, can you get them all?

## Design something to remind people to protect the World

Design a poster, t-shirt, banner, mug, bookmark, anything you like!

Make sure you include pictures and information of how people could help to protect our World.

Remember things like recycling, using less electricity and water, not wasting things, walking instead of using the car, looking after environments and animals. There are so many ways!

**Remember to share what you have done on Class Dojo!**
