Year 5 Home Learning Tasks Summer 2 2020

distant entrant abundant buoyant relevancy expectancy absence silence difference <u>More suffixes</u> referred-referral -referring transferred- reference- referee interfere- interrupt- preference	Continue to read your book at least 4 times per week. Explore books and online articles about the amazing the world we live in. Read about natural phenomena such as earthquakes, storms and avalanches. Where in the world do these occur? <u>Writing</u> Write a diary about a day in the life of an Ancient Greek Citizen. Create a poem about summer. Use your senses to describe people, places and objects.	Continue to practise your Times tables. Use your Times table Rockstars login to get to the top of Year 5's leader board! Revise money. How many pence make a pound? Why do we write a decimal point between the pounds and pence? How would we write 343 p using a pound sign? Do some research and present it in a table or graph Ask the person who does the shopping in your house, for your weekly food receipt. Can you estimate/ calculate how much all the chilled, freezer, fresh or cupboard food came to? Investigate which kind of food your household eats the most of. Present the information in a table or graph. Get familiar with the clock What activity might last one	Our topic in the second part of the summer term is called 'Stewardship'. Think about an object that you really care about. When we care for something, we have some responsibility for it, and we are stewards of it. Think about what the word 'steward' means. Investigate a current environmental issue, e.g. river pollution/deforestation. Discuss and research this, thinking about how your feelings and experience around caring for the earth affects your everyday life.
