

# Reception Home Learning Summer 2 2020 Walking in the Jungle week 5 (WB 29.6.20)

Listen to Eric Carle's "Slowly, slowly, slowly" said the Sloth.

How many different animals were in the story?

<https://safeYouTube.net/w/FMwM>

Can you write 2/3 sentences about the animals in the story?

The monkey is....

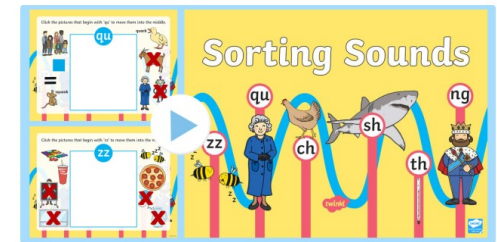

The sloth can...

The word sloth has one of our special friends "th". Have a go at these activities to practice your special friend sounds.

<https://www.twinkl.co.uk/resource/t-l-526945-zz-qu-ch-sh-th-ng-sorting-sounds-powerpoint-game>

Can you read and write these words with "th"?

path		
bath		
thin		
them		

## 'th' Read and Write

Read the 'th' words below. Look at the pictures and write each word under the correct picture. Read the word again to make sure it's correct.

thumb	path	thorn	earth	moth	three
thirty	mouth	tooth	cloth	bath	thief
30					

Writing Challenge:

Have your grown up help you read and write these words.

Keep practicing your phonics and reading everyday!

<https://safeYouTube.net/w/2duL>

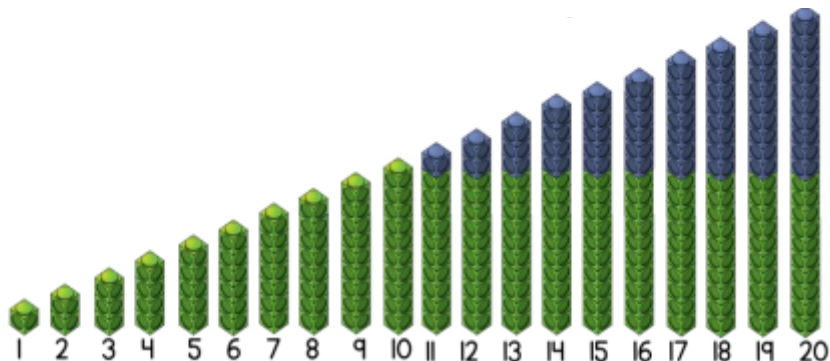

Our challenge this week is to practice our numbers to 20 again! You will need things to count like sea shells, pine cones or beads. You can use Lego or other bricks to build the staircase.

## Counting to 20

### Guidance

Provide opportunities for your child to count beyond 10 learning the number names in order. Once they can confidently say the number names, provide opportunities for them to match them to quantities and symbols. Prompt your child to recognise that as we count, each number is one more than the number before building staircases to show the growing pattern within numbers to 20.

## Key questions

How many do I have?

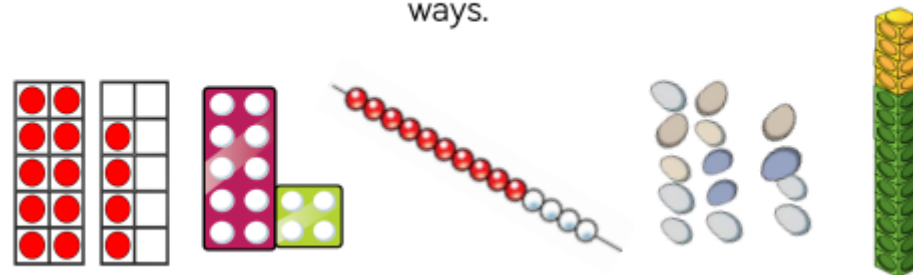

Make the number which is one more than mine.

Make the number which is one less.

If I make 12, can you make one more?

What number comes after 20? And then? And then?

Encourage the children to represent numbers to 20 in different ways.

## One more, one less

Use the cubes to build a teen number. Ask your child to identify which number you have made and discuss what one more and one less would be. Encourage them to build each number and line them up to check. Can they continue beyond 20?

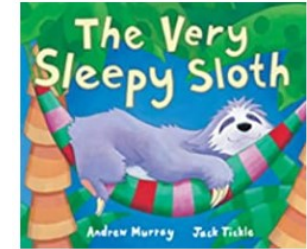

# Reception Home Learning Summer 2020

## Creative Development and World Knowledge

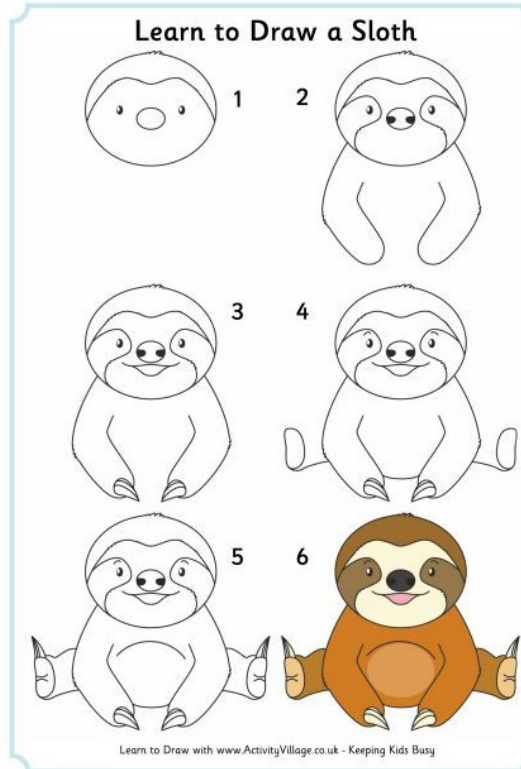

<https://kids.nationalgeographic.com/animals/mammals/sloth/> Find out about sloths that live in Central and South America.

Listen to The Very Sleepy Sloth read by the author!  
<https://safeYouTube.net/w/nIvM>

Which craft will you choose?

You might explore shades of green and the layers of the rainforest.
