

Reading at home ideas and links for Year Five

Home learning will give you chance to have a bit less structured time and maybe do other things that you would not have ordinarily done. Here are some links and ideas for developing reading and ideas for different books to read with your child.

Supporting Readers at Home

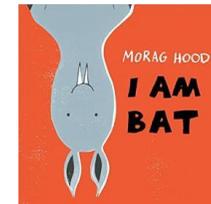

Open University research suggests there are three important ways to support readers and a love of reading.

Reading aloud to your children shows them reading is a pleasure, not a chore. Older children can read to younger ones too.

Making time to read alongside one another helps develop children's reading stamina and interest. Let them choose what to read and relax together.

Children who read, and are supported as readers, develop strong reading skills and do better at school.

Book Chats encourage readers. Invite them to make connections and share their views. Join in with your thoughts too!
