Laura’s Story

“I just couldn’t cope with the bills after my husband walked out on us, my daughters were always fed but I didn’t eat for days. I got a credit card to help pay bills and now I’m in debt I can’t pay back. Things started to get worse when my landlord threatened to evict us if I didn’t clear the rent I owed and for the first time ever, I turned to a Foodbank for help”

We’re not just about the food

We’re building our team and strengthening our relationships with local services to help people in crisis. Finding pathways to better support them with their financial hardship.
