

Year 3 - Spring 1

Learning Question: What impact do volcanoes and earthquakes have on our lives?

English

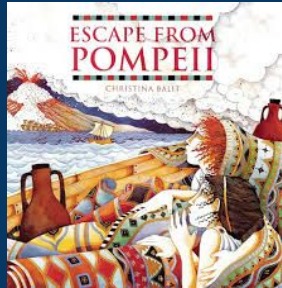

Our focus text this half term is:

Escape from Pompeii

by Christina Balit

Writing Outcomes:

- ❑ Writing a historic story around the eruption of Mount Vesuvius.
- ❑ Diary

Geography

What impact do volcanoes and earthquakes have on our lives?

To know how volcanoes and earthquakes are formed.

To name and locate key volcanoes.

To investigate the link between tectonic plates and volcanoes.

To understand the impact volcanoes and earthquakes have on lives

Science

Forces and Magnets.

- ❑ Compare how things move on different surfaces.
- ❑ Notice that some forces need contact between two objects, but magnetic forces can act at a distance.
- ❑ Observe how magnets attract or repel each other and attract some materials and not others.
- ❑ Compare and group together a variety of everyday materials on the basis of whether they are attracted to a magnet and identify some magnetic materials.
- ❑ Describe magnets as having two poles.
- ❑ Predict whether two magnets will attract or repel each other, depending on which poles are facing.
