Class Novel

**The Explorer by
Katherine Rundell**

In Science the children will be learning about the water cycle, linked to our rivers topic and during the half term we will visit UCLAN and participate in a workshop on Earth and Space.

Class 5 – Summer 1

Rivers

Art - Drawing and Painting

To produce pencil drawings of Monet's paintings focusing on perspective and composition.

Explore the composition of Monet's River Thames paintings.

Paint in the style of Monet's River Thames paintings – paint from your own imagination and photos of other famous rivers with bridges/buildings.

Learning Question

Why are rivers so dynamic?

Geography

Class 5 will be learning all about rivers and how they are formed. They will also have the opportunity to learn outside of the classroom in nature by visiting Abbeystead Estate in the Forest of Bowland. The work will also focus on understanding the threats our rivers face, the consequences our actions have on the river and ways we can help.

Geography Fieldwork Skills

Exploring a river – visit to Cuerden Valley.
