# Remote Education Policy

## ***Statement of intent***

At St John's CE Primary School, we understand the need to continually deliver high quality education, including during periods of remote working – whether for an individual child, group or whole class. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the learning resources and support they need to succeed.

Through the implementation of this policy, we aim to address the key concerns associated with remote working, such as online safety, access to educational resources, data protection, and safeguarding.

This Remote Education Policy aims to:

- Ensure consistency in the approach to remote learning for all pupils (Inc. SEND) who aren't in school through use of quality Online and offline resources and teaching videos
- Provide clear expectations members of the school community with regards to delivery high quality interactive remote learning
- Include continuous delivery of the school curriculum, as well as support of Motivation, Health and Well-Being and Parental support
- Consider continued education for staff (e.g online training, zoom meetings, CPD)
- Support effective communication between the school and families and support attendance

Who is this policy applicable to?

- A child (*and their siblings if they are also attending St John's*) is absent because they are awaiting test results and the household is required to self-isolate. The rest of their school bubble are attending school and being taught as normal.
- A child's whole bubble is not permitted to attend school because they, or another member of their bubble, have tested positive for Covid-19.
- Remote learning will be shared with families when they are absent due to Covid-19 related reasons.

## ***Content and Tools to Deliver This Remote Education Plan***

Resources to deliver this Remote Education Plan include:

- Online tools for EYFS KS1 KS2 (*Tapestry for EYFS/KS1, Google classroom and Class Dojo for KS2*), as well as for staff CPD and parents sessions.
- Use of Recorded video for instructional videos on school website
- Phone calls home

- CGP Workbooks
- Physical materials such as reading books, writing tools and exercise books

## ***Home and School Partnership***

St John's School is committed to working in close partnership with families and recognises each family is unique and because of this remote learning will look different for different families in order to suit their individual needs.

St John's School will invite parents to use Tapestry (EYFS/KS1) and Clasdojo (KS2) as appropriate and where possible, provide personalised resources.

Where possible, it is beneficial for young people to maintain a regular and familiar routine. St John's Primary School would recommend that each 'school day' maintains structure.

We would encourage parents to support their children's work, including finding an appropriate place to work and, to the best of their ability, support pupils with work encouraging them to work with good levels of concentration.

Every effort will be made by staff to ensure that work is set promptly. Should accessing work be an issue, parents should contact school promptly and alternative solutions may be available. These will be discussed on a case-to-case basis.

All St John's children have signed an 'Acceptable Use Policy' at school which includes e-safety rules and this applies when children are working on computers at home.

## ***Online Safety:***

All staff and pupils using audio communication must:

- Use appropriate language
- Maintain the standard of behaviour expected in school
- Use the necessary equipment and computer programs as intended
- Not record, store, or distribute audio material without permission.
- Ensure they have a stable internet connection to avoid disruption to lessons.

The school will communicate to parents via text message, school Facebook page about any precautionary measures that need to be put in place if their child is learning remotely using their own/family-owned equipment and technology, e.g ensuring that their internet connection is secure.

During the period of remote learning, the school will maintain regular contact with parents to:

- Reinforce the importance of children staying safe online.
- Ensure parents are aware of what the children are being asked to do, e.g sites they have been asked to use and staff they will interact with.
- Encourage them to set age-appropriate parental controls on devices and internet filters to block malicious websites.
