

## The World

Talk about cold weather ~ snow, frost and ice and discuss changes in the weather and our local environment

Children to find out about animals and people that live in cold climates

Investigate ice both blocks and small cubes. Add colours, objects and warm water. Observe effects.

Caring for the animals - Make a bird feeder

Baking - Sainsbury trip to buy ingredients and bake for the class

## Outdoors

Provide the children with open ended resources for them to explore, create and investigate with.

Opportunities to explore ice as it forms naturally outside

Observe signs of winter e.g. wearing hats/gloves

Experience our changing seasons - Go on a winter walk and have hot chocolate at Stanley Park

## RE ~ Stories Jesus Heard

Daniel in the Lion's Den

Joseph and his Coat of Many Colours

Noah's Ark

Moses in the tall grass

Jonah and the Whale

We will also be following the children's interests and exploring the things that are of importance to them

## Creative Activities

Cold colour art work / collage  
Observational art - snowdrops

Imaginative play around snow and ice, creatures, elves and fairies e.g. ice palaces / caves

Artist - Bridget Riley

Choosing material to make a boat for a penguin

TOPP'S Music

## Books we will be sharing together to help us with our learning.

Betty and the Yeti

Lost and Found

Penguin

Spaghetti with the Yeti

Non-fiction text - polar animals

Traditional Tale – The magic porridge pot

## PSHE ~ The police and how they help us?

Rules

Consequence

Big emotions
