

Dear Parents,

I hope you are all well and keeping safe. I can't express how much we are missing the children - seeing their lovely smiles, receiving their warm hugs and listening to their funny stories. Miss Wharry is now teaching the Key Worker Bubble full-time and is unable to plan home learning activities for Year 1. Therefore, I have taken over this role. If you have any questions about the work set, please contact me in the usual ways either via the school email or the telephone.

Here are the resources for the next 2 weeks' home learning tasks.

As last time, I have included for English W1-5 activities taken from the Maths Mastery website. Within this there are reading, spelling, grammar and writing activities for the children to complete.

For Maths, I have gone back to using the Maths Mastery website and have uploaded the pupil work here. Other maths activities/games are available at: <https://www.topmarks.co.uk/> which will support this learning.

Home Challenges: Activities are all linked to 'The Zoo'. Feel free to amend these in any way to make the learning more engaging for your child.

Thank you for your continued support throughout this difficult time. Keep up the excellent home learning - we are so proud of you all.

Continue to stay safe and take care.

Mrs Peacock ☺
